

# K19 TAKE OFF

## *Heavy Duty Acidic Cleaner*

## Industrial/Automotive Liquids Cleaners

A New formula replacement for concentrated Muriatic Acid that can be used on Natural or Painted Stainless Steel, Aluminum, Cast Iron, and all other metal surfaces except Zinc and Magnesium.

This special cleaner is an effective, easy to use chemical cleaner used to remove stains. It will deep clean brick, terrazzo, concrete, stone walls and floors. It dissolves rust, scale, lime, corrosion, concrete, mortar, and mineral accumulations. **Take Off** can be used on occasion for restorative cleaning and de-staining. Use "as is" or diluted as much as 6 parts water to 1 part cleaner.

Removes mortar, plaster, concrete, lime, rust, scale, soap deposits, hardware film, insoluble carbonates & alkaline films, potch & tobacco stains from terrazzo.

### USE IN:

**Construction Industry:** Speeds cleanup. Removes excess mortar and plaster from bricks, door bucks, stringers, risers, window frames, brick veneer and exteriors of buildings without pre-wetting. Eliminates sanding and scraping. One person can clean down 4 to 6 times as many door bucks a day without damaging primer or plaster edges. Removes excess mortar from tiled shower stalls. Cleans masonry. Removes excess cement from tile and terrazzo. Cleans concrete foundation forms. Cleans tools and plaster mixes.

**Hospital & Food Service Departments:** De-scale and remove mineral deposits from sterilizers, china sinks, autoclaves, ceramic shower stalls, china drinking fountains. De-scale and remove mineral deposits and scum from ice cube machines interiors and dishwashers. De-scale air-conditioning water towers. De-scale non-decorative metals.

**Concrete Industry:** Removes layers of concrete from trucks, mixers, forms and other equipment.

**General Industry:** De-scale cooling coils. De-scale water lines. De-scale air-conditioning towers. De-scale radiators. De-scale drinking fountains, ceramic tiled shower stalls, vitreous china, glass and non-decorative metals.

**Swimming Pools:** Removes algae scum and suntan lotion. Cleans chlorinators. Removes mineral deposits from pools before painting and during regular maintenance.

**Municipalities & Utilities:** Clean and de-scale water and gas meters. De-scale diffuser tubes. Clean high tension bolts. Clean garbage trucks, snow plows and other equipment.
