

SENTRY TRS DRAIN UNIT

K385

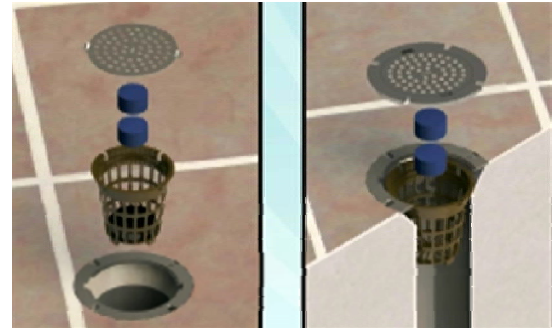

Digester/Maintainer, Odor Eliminator, Fruit Fly Killer

SENTRY TRS (Time Release Solid) turns each drain into a 24/7 mini "waste treatment plant," treating water flow and preventing build up.

The drain cover/basket system is easy to install and maintain. The *SENTRY TRS* disc contains a proprietary blend of dormant bacteria that clings to the drains walls, breaking down build up, deodorizing and killing fruit flies.

"Every drop of water passing through your drain is treated by the *SENTRY TRS DRAIN UNIT*."

FEATURES

- Drain Cover/Basket Design Allows For Easy Disc Replacement
- Drain Cover Is Manufactured Using Industrial Strength 14 Gauge Stainless Steel & High Impact ABS Plastic
- TRS Technology Works 24 hrs/day Up To 30 Days Or More
- Formula Is Immune To High & Low pH & Excessive Hot Or Cold Temperatures
