

ROOM SERVICE K252 - Citrus
K452 - Linen

**Total Release
Disinfectant Deodorant**

ROOM SERVICE is a total release heavy duty phenolic disinfectant, antimicrobial agent and two-way deodorant aerosol. Just lock the actuator and walk away for hands-free total disinfection.

ROOM SERVICE engulfs the room with highly atomized particles to penetrate deep into cracks, crevices and fabric fibers, allowing the powerful ingredients to completely sanitize and deodorize all surfaces.

ROOM SERVICE is Virucidal, Tuberculocidal, Fungicidal, Bactericidal, Pseudomonacidal and Staphylocidal. The two-way deodorant system releases a powerful fragrance to eliminate existing odors while killing microorganisms that create putrefactive odors.
