

K2 BRUTE

*Heavy Duty Cleaner,
Degreaser & Stripper*

Industrial/Automotive Liquids Cleaners

Brute is a concentrated, non-corrosive biodegradable cleaner, degreaser and stripper that excels where other cleaners fail. This powerful cleaner is not a soap or detergent but a well balanced chemical compound that is an environmentally safer alternative to high PH or toxic products designed to do similar jobs

Brute uses Alkali Penetration Technology (APT) to lift and suspend the molecular structure of dirt, grease, and grime allowing easy removal and spotless surfaces without damaging them. Low foaming action means that **Brute** rinses cleanly and quickly, reducing cleaning time and saving you money.

FEATURES:

- * Environmentally Friendly, Biodegradable Cleaner
- * Low Foaming Action - Rinses Clean
- * Non-Toxic
- * Non-Corrosive - Will Not Damage Surfaces
- * Alkali-Penetration Technology (APT) - Removes Dirt & Grease Quickly & Easily
