

## K216 QUICK KILL (AEROSOL) *Total Kill - Soil Sterilant Weed Killer*

# Agronomy Aerosols & Granular

**Quick Kill Aerosol** is ideal for quick or small weed control applications, killing weeds which interfere with drainage, create a fire hazard, or cause unsightly appearance. Simply grab a can and you're ready to go! Weeds will turn pale within 1 to 2 hours. The soil sterilant within this formulation will prevent future growth for up to one year.

**Quick Kill Aerosol's** upside-down valve assures accuracy during application, reducing waste. Systemic action allows this unique formulation to be absorbed through the leaves or stem and penetrate to the roots for total kill.
