

## K227 POWERZYME ODOR EATER

*Active Bacteria Foam Odor Eliminator*

## Housekeeping Aerosols Deodorants & Disinfectant Deodorant Cleaners

**Powerzyme Odor Eater** is a foaming spray containing billions of active bacteria specially designed to eliminate odors that are organic in nature from carpets, upholstery, porous and non-porous surfaces.

**Powerzyme Odor Eater** will effectively neutralize organic odors such as cat, dog and human urine and other fecal matter. Ideal for dog kennels, bathrooms, trash receptacles and kitchen areas for all organic source odors.

The unique inverted valve system insures easy application and use of every ounce of product, making **Powerzyme Odor Eater** economical and effective.

### FEATURES:

- \* Live Bacteria Biologically Destroys Organic Odors Such As Cat, Dog & Human Urine On Carpets & Upholstery
- \* Foaming Action Bubbles Away All Odors
- \* The Unique Inverted Valve Is Perfect For Downward Spraying Of Floor Coverings & Upholstery. Every Ounce Of Product Is Used
- \* Fragranced Formula Immediately Masks Odors While The Enzymes Consume Its Source
- \* Utilizes Natural Organisms That Are Environmentally Friendly
