

# K246 AQUA-SCRUB

*Chemical Free Stain & Mark Remover*

## Wipes

**Aqua-Scrub** is made of an air infused plastic called Melamine and with only water is able to remove tough stains on any hard non porous surface. **Aqua-Scrub** has a unique yellow durability strip that distributes pressure and extends product life. **Aqua-Scrub** is especially effective on scuff marks, heel marks, luggage marks, permanent marker, ink and graffiti. Also use on crayon , lipstick, fingerprints, tea, soap scum, coffee and wine stains. The perfect product for those with chemical sensitivity.

Packaged 30 units per case.
