

K248 TECH SOLV

Economical Contact Cleaner

Industrial/Automotive Aerosols Cleaners & Degreasers

Tech Solv is a high purity solvent blend, specially formulated for all cleaning applications where flammability is not an issue. It aggressively removes grease, oil, dirt, dust, flux and fingerprints without damaging plastics or leaving residue. **Tech Solv** is perfect for cleaning motorized instruments, control panels, electrically driven equipment, motors and other devices requiring residue free degreasing agents.

Note: **Tech Solv** is labeled Extremely Flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

FEATURES:

- * Safe On Most Plastics
- * Dries Fast
- * Residue Free
- * Electrical Grade

USE ON:

Circuit Boards, Wire Terminals, Relays, Switches, Contacts, Tuners, Circuit Breakers, Potentiometers, Cable Ends & Receptacles, Control Panels, Motors & Other Electronic & Electrical Equipment
