

K258 ROCK SALT

Sodium Chloride Ice Melting Compound

Winter Product Liquids & Pellets

Rock Salt Ice Melter's screening process limits the amount of fines and oversized crystals. This quality procedure improves spreading and melting performance

USES:

An Economical Choice For Large Scale Melting Applications On Steps, Sidewalks, Driveways & Parking Lots. Can Be Mixed With Sand & Other Ice Melters To Improve Performance.

Safety & Handling:

For Brief Contact, No Precautions Necessary. For Prolonged Contact, Gloves Are Recommended. Prolonged Or Excessive Exposure Can Cause Temporary Skin Irritation. Store In A Dry Location Away From Acids.

ITEM#: K258

WEIGHT: 50LB

DESCRIPTION: POLY BAG

QTY/PLT: 50
