

K34 SIL EASE

Silicone Release Agent - Food Grade

Industrial/Automotive Aerosols Lubricants

Sil Ease carries the highest USDA authorization rating (H-1) for use in food processing and packaging. This rating allows incidental food contact on tables, conveyers, heat sealing equipment and slicing equipment. This ultra pure, low viscosity lubricant leaves a waterproof, dry, non-staining, clear film and can also be used to coat ovens and hoods to prolong times between cleaning. This advanced safe formulation is heat stable (-40°F to +285°F), non-chlorinated and non-hexane. For best results make sure surface is clean and dry before application.

USED BY:

Grocery Stores, Bottling Plants, Dairies, Food Packaging, Meat & Poultry Plants

USE ON:

Conveyors, Ovens, Slicing Equipment, Heating Sealing, Equipment, Scrambler Tables, Guide Rails

FEATURES:

- * Highest USDA Rating (H - 1 Incidental Food Contact)
- * Heat Stable From -40 °F To +285 °F
- * Dries To A Pure Non-Staining Silicone Film
- * Safe On Plastics
- * Reduces Friction & Wear
- * Non Chlorinated Solvents
- * Prevents Jamming & Production Slowdowns Of Bottle Lines
- * Non-Hexane
- * Non-Chlorinated

SPECIFICATIONS:

Appearance: Clear Liquid
Odor: Solvent Odor
Flash Point of Concentrate: (25.5°F)
Flammability: Extremely Flammable
Specific Gravity: 0.726
Propellant: Liquid Petroleum Gas
Spray Pattern: Circular Spray
NFPA Fire Rating: Level 3 Aerosol
Packaging: 12 x 11 Oz. Net Wt.
Cans Per Case (16oz. Size Cans)
