

SENTRY TRS BEVERAGE DISC

K384

Beverage Tray Treatment

All beverage dispensers promote growth of harmful bacteria. They are a breeding ground for fruit flies and drain problems. Kayline's **SENTRY TRS BEVERAGE TRAY TREATMENT DISC** will work 24/7 to prevent bacteria growth from occurring. The **SENTRY TRS DISC** uses a proprietary blend of dormant bacteria that uses TRS (time released solid) technology to protect your drains.

For Use In Soda Fountains & Beer Taps

FEATURES
