

Sulfuric Acid Drain Opener

Provides fast, potent action to clear blockages. Goes directly to the point of stoppage and quickly dissolves and liquefies grease, food residue, rags, sludge, soap, paper, sanitary napkins, hair, tea bags, coffee grounds and other organic obstructions. Owes its effectiveness to an exothermic reaction – actually reacts with both the water and the stoppage and works with hydrolytic action. KLEEN AWAY will not affect septic tank activity.

*NOTE: This powerful formulation may cause odors when penetrating certain materials. Use **KAYLINE K86 S.O.G Control** just after application of KLEEN AWAY in small drains. This will act as an odor blanket to prevent odors.*
