

K4 E-Z KLEEN ACID

Acid-Based Coil Cleaner

E-Z Kleen Acid coil cleaner removes scale dust, dirt, grime, grease and oxidation from aluminum or copper coils and fins of cooling units, air conditioners and heat exchangers. Use **E-Z Kleen Acid** regularly to clean the coils for more efficient operation and lower power consumption, saving you money as you help conserve energy. Effectively and easily removes lime and scale.

Directions: For initial cleaning of heavily soiled or corroded coils dilute 1 part of **E-Z Kleen Acid** with 5 parts water. Spray or brush onto coils and allow to penetrate for 3 to 5 minutes. Flush coils thoroughly with clean water. After initial cleaning, maintain coils with regular cleaning using a dilution of 1 part **E-Z Kleen Acid** with up to 10 parts water. Always rinse thoroughly with clean water. Do not use this cleaner around food or on food contact surfaces.

Health	3
Flammability	0
Physical Hazard	0
Protection	B
