

K56 SWEEPING COMPOUND

For Wood & Concrete Floors (Oil Base)

Industrial/Automotive Powders Granules & Tablets

This green oil based sweeping compound is for use on wood and concrete floors. Its economical cost makes it an ideal sweeping compound for heavy-traffic areas. Kayline **Sweeping Compound** is a precise blend of mineral oils, sand, and silica to give the greatest dust absorption.

Sprinkle lightly until entire area to be swept is covered. Then sweep up and dispose of dirt.

Available In 100 LB. Cartons And 300 LB. Drums.

For Industrial & Institutional Use Only.

FEATURES:

- * Economical
- * Keeps Dust Down
