

K66 CARB KLEEN

Choke & Carburetor Cleaner

Industrial/Automotive Aerosols Cleaners & Degreasers

An ultra high volatility formula that cleans, degreases, and removes gum, sludge and varnish deposits from carburetors and automatic chokes. Does not harm oxygen sensors or catalytic converters. Helps reduce fuel consumption and improve acceleration. Great for manifold heat control valves and PCV valves.

FOR USE ON:

Chokes, Carburetors, Vacuum Pistons, Thermostatic Coils, Engine Parts, Motors, Manifold Heat Control Valves, PCVs, Generators, Starters

FOR USE BY:

Bus Yards, Postal Services, Machine Shops, Truck Fleet Maintenance Auto & Diesel Repair Shops, Garages, Car Fleet Companies, Fork Lift Companies

FEATURES:

- * Dries Quickly, Leaves No Residue
- * Cleans & Frees Parts With Carburetor In Place
- * Eliminates Expensive Disassembly Time
- * Helps Assure Quick Starts While Reducing Fuel Consumption
- * Increases Life Of Pistons, Rings & Cylinder Walls
- * Cools Automatic Chokes For Fast Adjustment
- * Periodic Use Improves Gas Mileage
- * Increases Overall Engine Performance
