

K68 END CON

Prevents Condensation & Sweating Of Pipes

Industrial/Automotive Aerosols Specialty

End Con is a white aerosol insulating sealant that prevents condensation and sweating on cold water pipes, condensers, valves and pipe fittings. It stops damage caused by dripping water and can be painted over when dry. **End Con** provides an excellent repair for wrap-around insulation.

USE ON:

Cold Water Pipes, Refrigeration Lines, Condenser Lines, Cold Air Ducts, Valves & Fittings, Metal Gutters, Water Tanks, Ice Machine Coils

USED BY:

Industrial Operations, AC Maintenance, Aircraft Maintenance, Boats, Ships, Office Buildings, Retail Stores, Hospitals, Food Plants, Hotels, Motels, Ice Rinks, Refrigerated Trucks, Chemical Plants, Cold Storage Lockers

FEATURES:

- * Dries To A Clean, Flexible, White Insulating Coating
- * Stops & Prevents Condensation Build-Up & Dripping From Cold Surfaces
- * Adheres To Stainless Steel, Black Iron, Brass, Copper, Galvanized & PVC Pipe
- * Excellent For Repairing Wrap Around, Sleeve Or Foam-Type Insulation
