

K97 SPC

Snow Plow Coating

SPC SNOW PLOW COATING is specially formulated wax to keep snow, slush and ice from sticking to snow removal equipment, plows, snowmobiles, snow-blowers, ski equipment, snow shovels and more. **SPC SNOW PLOW COATING** can also be used on the underside of lawn mowers, weed eaters, hedge trimmers, roto-tillers and other lawn maintenance equipment to prevent grass clipping and dirt build-up, clogging and wear-and-tear. Helps blades stay sharper longer, making equipment last longer. Creates a barrier to protect metal, fiberglass, plastic and painted surfaces from build-up and damage.

DIRECTIONS:

Shake well before using. Spray equipment and allow to dry. Equipment can be used immediately after drying. After use, invert can and spray a short burst to clear valve.

Health
