

T58 Anti Seize Brush Top

Anti-Seize Lubricant w/ Brush Top Applicator

This extreme temperature, extreme pressure anti seize compound protects all metal surfaces. **ANTI SEIZE BRUSH TOP** is highly effective in temperatures ranging from -65°F to 2100°F. **ANTI SEIZE BRUSH TOP** prevents galling and seizing plus protects against rust and corrosion. This product will not wash off, even in areas with salt spray. **ANTI SEIZE BRUSH TOP** will not harden, separate, evaporate or fuse to metals.

Directions: Use brush applicator to apply a thin, even coat to metal surfaces. For best results, remove old lubricant with Omega's **POW** degreaser before re-coating area.

Health	2
